Meta Ad Performance Dashboard — Platform Views

Facebook vs. Instagram, filtered from the same Power BI report

This document captures the two platform-level views of the Meta Ad Performance Dashboard — one filtered to Facebook, one to Instagram — for reference alongside the project's source files and full analysis report.

Facebook View

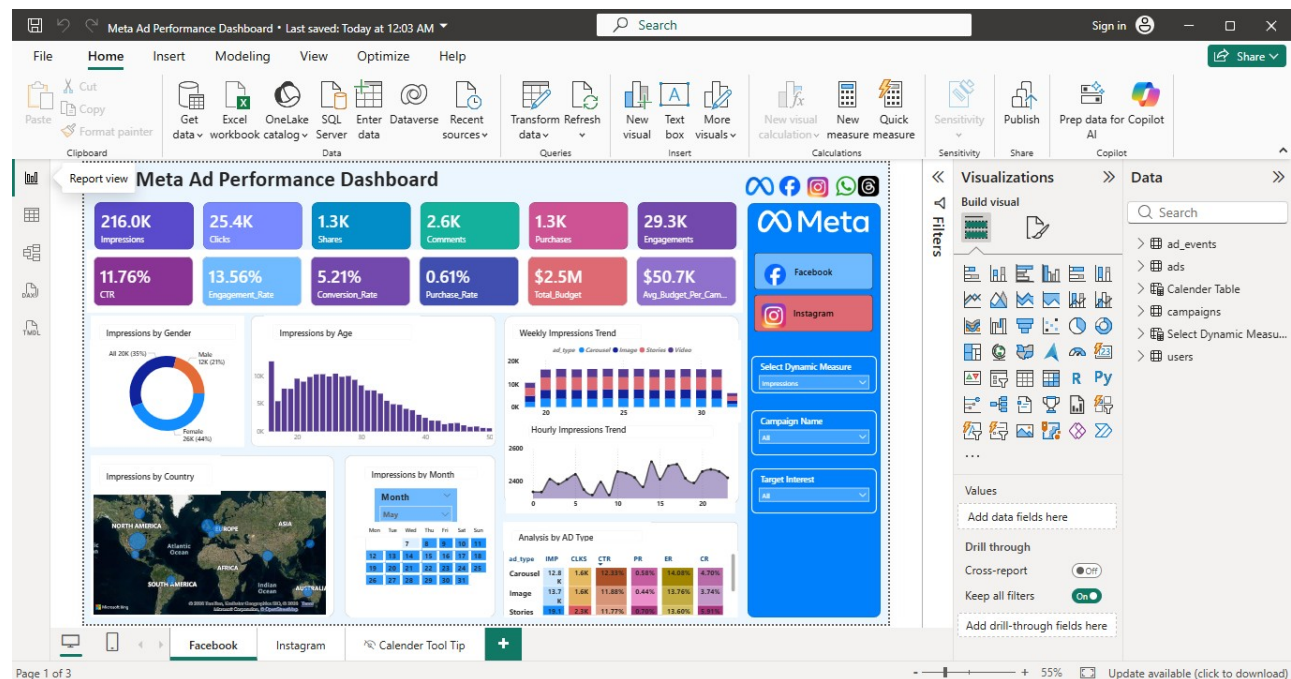

Figure 1 — Dashboard filtered to the Facebook platform

Headline Metrics

Impressions	216.0K
Clicks	25.4K
Engagements	29.3K
CTR	11.76%
Engagement Rate	13.56%
Conversion Rate	5.21%
Purchase Rate	0.61%
Total Budget	\$2.5M

Instagram View

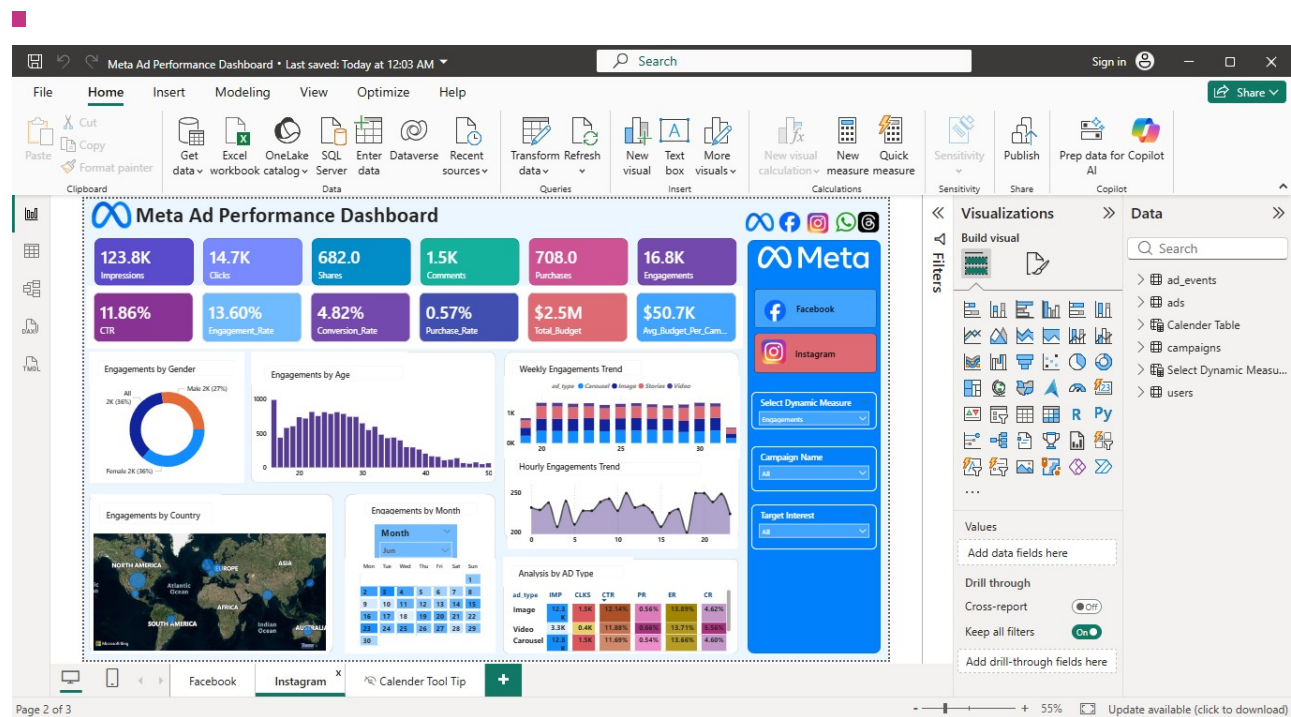

Figure 2 — Dashboard filtered to the Instagram platform

Headline Metrics

Impressions	123.8K
Clicks	14.7K
Engagements	16.8K
CTR	11.86%
Engagement Rate	13.60%
Conversion Rate	4.82%
Purchase Rate	0.57%
Total Budget	\$2.5M

Facebook vs. Instagram — Side by Side

Both platforms pull from the same underlying dataset and dashboard, filtered by platform. Total Budget and Avg. Budget/Campaign are identical across views because budget is set at the campaign level in the data model, not split per platform.

Metric	Facebook	Instagram
Impressions	216.0K	123.8K
Clicks	25.4K	14.7K
Shares	1.3K	682
Comments	2.6K	1.5K
Purchases	1.3K	708
Engagements	29.3K	16.8K
CTR	11.76%	11.86%
Engagement Rate	13.56%	13.60%
Conversion Rate	5.21%	4.82%
Purchase Rate	0.61%	0.57%

Insight:

Facebook drives substantially more volume than Instagram — roughly 1.7x the impressions, clicks and engagements — and also converts slightly better (5.21% vs. 4.82% Conversion Rate, 0.61% vs. 0.57% Purchase Rate). Instagram edges out Facebook marginally on CTR and Engagement Rate, suggesting its smaller audience is a touch more responsive per impression, even though Facebook remains the stronger platform overall for both reach and bottom-funnel efficiency.
